EASES A COLD

WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

"PAPE'S COLD COMPOUND"
Leflers Drug Store

The Quality Store this week installed one of the latest designed hat and cap cabinets. It is very pretty and is conveniently arranged, and really brings out the attractiveness of their better brands of men's hats and boy's caps. This store is ever alert to the new features of showing its enormous stock to the best advantage.

—Did you ever suffer from loss by fire? The amount of the insurance policy was certainly welcome, wasn't it? Then vote for waterworks tomorrow.

B. R. Stallings visited friends and relatives in Portageville Saturday and Sunday.

SOUTH IS TURNING AGAINST CALOMEL

Mr. Dodson, the "Liver Tone" Man, Responsible for Change for the Better.

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back. Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.

ISSUE OF \$15,000 FOR WATERWORKS

man dashed across the track just 75 feet ahead of the engine.

On August 13, a wagon crossed the track 300 feet ahead of No. 7; speed 50 miles per hour. This occurred about 10:40 a. m., at Austin.

August 20, while No. 18 was passing Cabot, a man drove his car across the track 300 feet ahead of the engine while same was making 50 miles an hour. This happened at 10:40 p. m.

August 21 while No. 7 was running 50 miles an hour, at the crossing three-fourths of a mile south of Truckerman, a car loaded with people crossed the track 250 feet ahead of the train. This happened at 8:55 a. m.

On August 21, a car outran No. 7, got over the crossing so close ahead of the engine that when my cab window passed the crossing the car was only 25 feet away from the track. This car was occupied by a man, who was driving, a little child and two women, who seemed so unconcerned that I am sure they did not know what a close call they had for their lives. This happened at crossing one-half mile north of McAlmont, at 11:00 a. m.

On August 23, at the crossing three-fourths of a mile south of Truckerman, a car loaded with people crossed the track about 300 feet ahead of the engine. There had been some rain, and I noticed the car in coming to the crossing and leaving it was skidding very badly. Had anything occurred that would have caused this car to hesitate on the track it would have been impossible for them to have had time to have gotten out of the car before I would have struck it.

Now, I have given you the actual facts from personal observation of near tragedies.

There are fourteen passenger trains running over this district, not counting the freight trains. I am sure if other engineers were called upon they, too, would give similar experiences, and in talking to them about these matters it would be pretty much the same testimony as that of the writer.

There are other railroads in the state running fast trains and about as many in number as we are running, and when you approximate the number of chances that people take at these crossings such as I have mentioned, do you wonder that scarcely a day goes by that there isn't a sad accident occurring in some community?

It appears to us engineers, from our own observations and realization of the seriousness of this matter, that it must be a lack of proper knowledge of the great danger they are subjecting themselves to rather than that of foolhardiness, for no man would risk taking his life in his own hands, which he is doing daily when taking these desperate chances.

The subject of this article is also the subject of conversation when the engineers meet in their different organizations, and the question is now: "What is going to be done about it?"

There is no doubt but what persons herein mentioned are readers of The Gazette and will undoubtedly read of their own cases, and I am sure had they known of the danger to which they were subjected, as seen and realized by the writer, surely they would not only be more careful in the future but be more interested in the safety of others, for it is by this means of educating the public that we hope to materially reduce the number of terrible accidents that are already occurring daily.

HARRY M. WILLIAMS.

Mrs. Cora Sherrill and two children of Wynne, Arkansas, who have been visiting the former's brother, Virg Turner, and family for three weeks, returned home Monday.

—Oh Boy! When on the way to see your best girl stop in at Elders & Elders Drug Co., and get her a box of Biech's pure chocolates—they'll delight and please her.

Robert Nunn, chief shipping clerk for the Arkansas Grocer Co., of Blytheville, Ark., was here Sunday visiting his brother, Earl Nunn, and friends.

—We are expecting daily the arrival of our shipment of Beaver, Velvet and Tams for Ladies and Misses. I especially invite you to see this mid-winter line. Mrs. D. B. Hayes, at Gaither & Stubbs store.

—Two-thirds of our ailments are caused by an inactive liver. Take LIVERADE to prevent these troubles. For sale at Leflers Drug Store.

LOUISIANA MAKES SHOWING

School Goes Over Top With 800 Per Cent in War Savings Stamp Sales for September.

When an individual or a group of individuals executes a pledge, and then fulfills it by more than 800 per cent, there can be no room for doubt as to the earnestness of the pledge.

David Benning, who is secretary of the Haney Penneck Memorial War Savings Society, at Louisiana, Mo., writes to headquarters that while the monthly pledges for his society total \$13.85, the sales of War Savings and Thrift Stamps for September reached \$108.75.

The society was organized since the opening of school and the secretary says the interest of his students is thoroughly aroused, and both the membership and the amount of sales will show a big increase for October.

KING HAS A BIG DAY

War Savings Organizer Sees 35 Societies Come into Fold in Single Day.

Lloyd W. King, one of the state organizers for the War Loan Organization broke his own record last week when he organized 33 War Savings Societies in one day.

He visited the public schools of Bucklin in Linn County and of Carrollton, in Carroll County. He organized the organized 33 societies that have a total membership of 923 members and their monthly pledges to buy War Savings and Thrift Stamps total \$233.75.

His previous record was made the week before when he organized 29 societies in the schools at Jefferson City, with a total membership of 724 and the total pledges aggregated \$222 a month.

TURN BACK THE CLOCK 1 HOUR

Time changes again Sunday night at exactly 12, midnight, when the hour hand of practically every clock over the nation will be moved back one hour. This will place the time nearly with the sun. With the farmers of the country this will be indeed welcome, as the period for use of the new time has served its purpose.

—Our stock of high grade watches is full of desirable goods; buy yourself a good watch while you can get one to suit, at Turnbaugh's Jewelry Store, Caruthersville.

E. J. Malone Sr. went to Caruthersville by airplane Saturday with Crockett as pilot. The trip from Sikeston to Caruthersville was made in 30 minutes. In less than 10 minutes after leaving Sikeston they were passing over New Madrid. On the return trip they brought with them Mr. Malone's little granddaughter, Mary Ethel Malone.—Sikeston Standard.

—Did you ever suffer from loss by fire? The amount of the insurance policy was certainly welcome, wasn't it? Then vote for waterworks tomorrow.
